REQUEST FOR CERTIFICATE OF CORRECTION
PURSUANT TO 35 USC 254 (OFFICE MISTAKE)

Honorable Commissioner of
Patents and Trademarks
Washington, DC 20231

Sir:

A Certificate Of Correction of the above-captioned patent is respectfully requested.

Grant of this Request is respectfully requested in accordance with the provisions of 35 USC 254 which states:

35 U.S.C. 254 Certificate of correction of Patent and Trademark Office mistake. Whenever a mistake in a patent, incurred through the fault of the Patent and Trademark Office, is clearly disclosed by the records of the Office, the Director may issue a certificate of correction stating the fact and nature of such mistake, under seal, without charge, to be recorded in the records of patents. A printed copy thereof shall be attached to each printed copy of the patent, and such certificate shall be considered as part of the original patent. Every such patent, together with such certificate, shall have the same effect and operation in law on the trial of actions for causes thereafter arising as if the same had been originally issued in such corrected form. The Director may issue a

corrected patent without charge in lieu of and with like effect as a certificate of correction.

In the Letters Patent issued on October 25, 2011, claim 8, column 24, line 55, incorrectly reads as "data unit of a mobile tenninal".

However, in the present patent, claim 8, column 24, line 55, should read "data unit of a mobile terminal", as shown in claim 8, page 4, line 7 of the Amendment filed April 4, 2011.

In the Letters Patent issued on October 25, 2011, claim 11, column 25, line 11, incorrectly reads as "the subset of the WLAN functions offered by the CN;".

However, in the present patent, claim 11, column 25, line 11, should read "i. the subset of the WLAN functions offered by the CN;" as shown in claim 14, page 6, line 4 of the Amendment filed April 4, 2011.

In the Letters Patent issued on October 25, 2011, claim 13, column 25, line 23, incorrectly reads as "network (WLAN) that allows a defined. WLAN function split".

However, in the present patent, claim 13, column 25, line 23, should read "network (WLAN) that allows a defined WLAN function split" as shown in claim 23, page 9, line 2 of the Amendment filed on April 4, 2011.

It is submitted that issuance of a Certificate of Correction is warranted under 37 CFR 1.322 and MPEP 1480 in that the above-noted error is consequential, is not of a minor typographical nature, and is not readily apparent to one skilled in the art.

Grant of the attached Request for Certificate of Correction is respectfully solicited.

Respectfully submitted,

/James Edward Ledbetter/
